

RAILROADS

TELEGRAPHERS' STRIKE ON N. P. AND G. N. RAILROADS BECOMES GENERAL

Labor Leaders Claim That 95 Per Cent of Operators Have Walked Out and Predict Victory for Their Cause—Railway Officials Say Traffic Has Not Been Interfered With and Will Not Be—Both Sides Determined to Fight to the Bitter End.

St. Paul, Aug. 2.—The strike of the telegraph operators of the Northern Pacific and Great Northern Railway systems today settled into what promises to be a long-drawn-out contest between two of the largest railroad systems of the West and a combination of employees who claim to have the power to tie up the money-making and of those who claim to be the companies will be willing to grant their demands.

President Perham and his assistants began today with an attempt to close up all the loose ends of the strike, which was ordered last night to counteract the lock-out ordered by the railroad officials yesterday.

At strike headquarters telegrams were arriving by the score from every point along the two systems from the unionists stating that every telegraph operator, to a man, had gone out, and that a complete tie-up was effected. On the other hand, an equal number of telegrams were being sent out to heads of unions at various points instructing them to set back lines.

PRESIDENT PERHAM TALKS.
"There is nothing to say now, except that we have a full-fledged strike on hand, and that our report goes to every man is out on both roads," said Mr. Perham today. "I ordered this strike after we had tried every way of settling our grievances, and after they had locked out our men because they would not sign certain agreements."

When asked on what basis he would be willing to call off the strike, the strike leader would only say: "We are in a peaceful and amicable mood and will be reasonable. If Mr. J. H. Hill will talk business and meet me at my home, we will settle. We have now 500 men on the Great Northern road and 1,000 on the Northern Pacific."

STATEMENT OF MR. HORN.
General Manager Horn of the Northern Pacific made the following statement this afternoon:

"In response to President Perham's strike instructions, the telegraphers on the Northern Pacific went out at midnight last night. The order was generally obeyed on all the ten divisions of the system."

"This situation has not, however, tied up traffic at any point on the Northern Pacific system. Passenger trains are in the entire line running very close to their schedules. The strike has interfered to some degree with the movement of freight over the system, but not in such proportion as to produce blockades or serious congestion."

"Telegraphers at headquarters in St. Paul obeyed the strike order. Wire men still working at the telegraph offices, however, and communication is being maintained with the west end of the system. The refusal of telegraphers to perform their duties is an inconvenience, but the business of the company is being handled just the same in a fairly satisfactory manner, subject only to inconveniences."

"On the Dakota division substantially the same condition prevails. The situation on the Yellowstone, Montana, Rocky Mountain and Great Northern is much the same. The Pacific division is in good shape and trains between Portland and Puget Sound are running on time. Conditions between the Sound and Ellensburg, in Eastern Washington, are not quite so good."

GREAT NORTHERN'S SIDE.
General Superintendent Slade of the Great Northern said:

"The strike order last night has been observed by a number of telegraphers who have heretofore expressed their willingness to accept the terms of the company and who are entirely satisfied with it."

"With but few exceptions the telegraphers who have refused to accept the terms of the company have stated that their obligations to the Order of Railway Telegraphers require them to remain loyal to their feeling of loyalty to the company and duty to the public."

"No employment was first refused to accept the strike, since the strike was called, accepted same and returned to work. Trains during the strike were on time, with the exception of one, which was detained by causes having no connection with the strike. The delay in the strike was on time and other freight trains are moving without difficulty."

"Arrangements are being made to supply the places of the men who have gone out."

STRIKE ORDER OBEYED THROUGHOUT MONTANA.
Helena, Mont., Aug. 2.—Dispatches from Montana points indicate that the strike order was generally obeyed by telegraphers on the Northern Pacific and Great Northern. In this city, which is a relay office, sixteen operators, including two of the chiefs and two operators of the yard, quit upon receiving the signal from President Perham.

All operators on the Montana Central, except dispatchers, about fifty all together, went out.

At Missoula, the entire Northern Pacific

NOTICE.
Marriage and Death Notices inserted in the Republic will be forwarded by telegraph to any newspaper or publisher named below for simultaneous publication, without extra charge, if the notice is accompanied by the copy. Notices received after midnight cannot be forwarded, however until the next morning.
